TC Min has a Level ^{s.3}₇. Have to differentiate
the escort vs the formal level.

This is our reason to be with HL & RH.

Through MNT - referred to as Potential
Arbit. We do not control that. Count
on down - inform us of the temp.
We have to help the Min as they have
concerns.

Yesterday & today "threw the kitchen
sink at it". Things will be looked at
May transition back to Parliamentary
Buses. Monies are available. Rally point
Redundancy needs to be built in
MPs - all back in town - all happy.
